

How will I get there?

- Either drive from our home or get a taxi to London St. Pancras International, get the Euro Star from there and cross the channel to get to Paris or Calais. There will be taxis there if you will not bring your car. Then drive to our destination (Île de Ré).
- If you want to go easier and quicker, we would go to Heathrow airport to board a flight to La Rochelle, and rent a car or get a taxi to our destination.

Île de Ré

Where will we eat?

There are lots of nearby restaurants, take-away and cafes nearby to go get some food!

The weather is normally warm but it could also rain sometimes.

What will we do?

We can go to the beach which is only 50m away, and cycling is very popular in this part of France (on this island) and can also go on walks to explore parts of the island.
