

***KS3 Design &
Technology Challenge
Diary***

Katie Gorman

Monday's Challenge

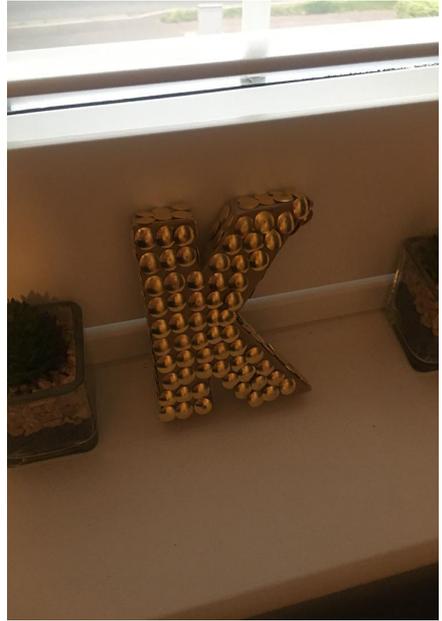

This is challenge 3, for this challenge I used wool to learn how to finger knit. I also taught my mum, then taught my granny over FaceTime

Wednesday's Challenge

This is challenge 7, for this challenge I designed and drew a dress for the met gala. I got inspiration from different dresses and made my own.

Thursday's Challenge

This was challenge 10, for this challenge I used a cardboard letter then covered it in gold pins.

Friday's Challenge

This is challenge 13, for this challenge I used an old t-shirt into a bag. I did this by firstly cutting the sleeves and cutting a deep u shape at the top of the t-shirt. Secondly you need to turn the top inside out, then cut strips around 1 inch and 2 cm wide at the bottom of the t-shirt. Once you have done that you will need to tie the little tassels that you have cut together, then finally flip the bag the right way and enjoy.
