Game Rules

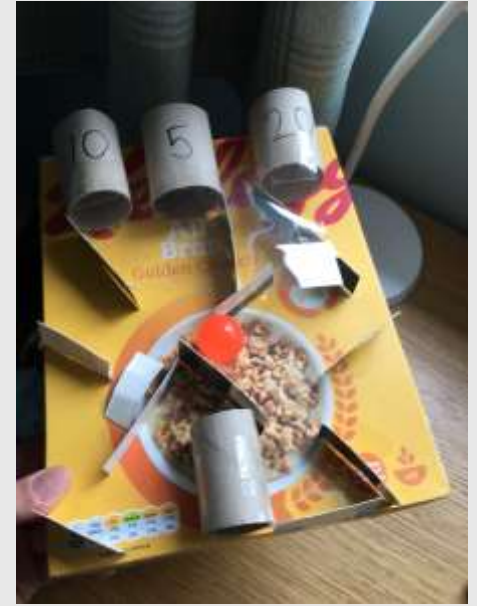

2- Infinite Players
Ages 10 and up

Contents:
Game Board
Ball

Object:
First to 100 points

Game Play:

Choose an order to go in and take turns. You must put the ball through one of the tubes at the top with the numbers on and try and make it into the tube at the bottom by tilting the game board. If the ball falls off while you are trying to get the ball to the tube at the bottom, it is the next person's go! There are three tubes at the top, each with a different number on, and the numbers are the amount of points you get for making it from a top tube to the bottom tube. i.e. if you put the ball through the tube with a '10' on it, then if you get the ball from there to the bottom tube, you get 10 points! However, if it falls off, you do not get the points. First to 100 points wins |
