

TECHNOLOGY BINGO CHALLENGE

DESIGN TECH

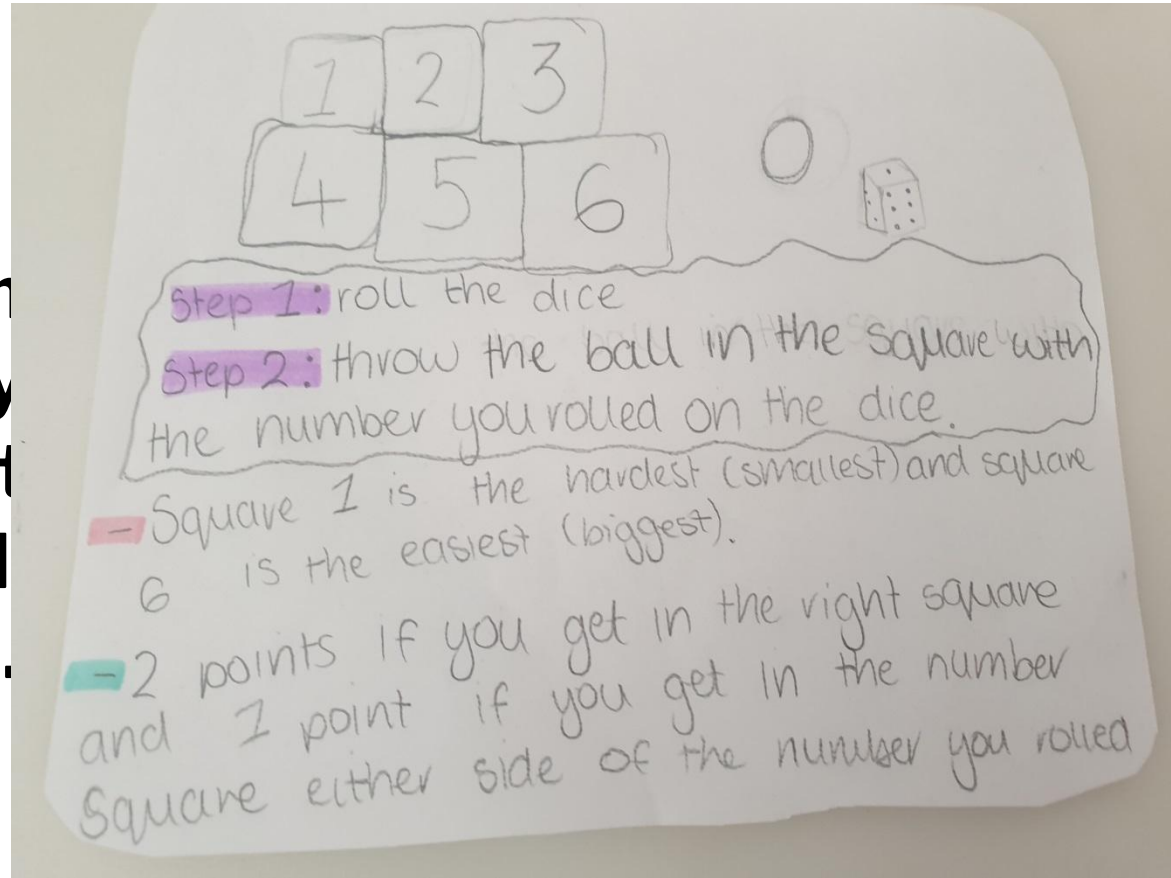

1:

I did my album cover with a relaxing and chilled theme because I was really looking forward to going on holiday but now I can't. So I thought I would bring that into my album cover instead.

4:

I created a ball game that I played with my friends and my family after I made it and they really liked the idea.

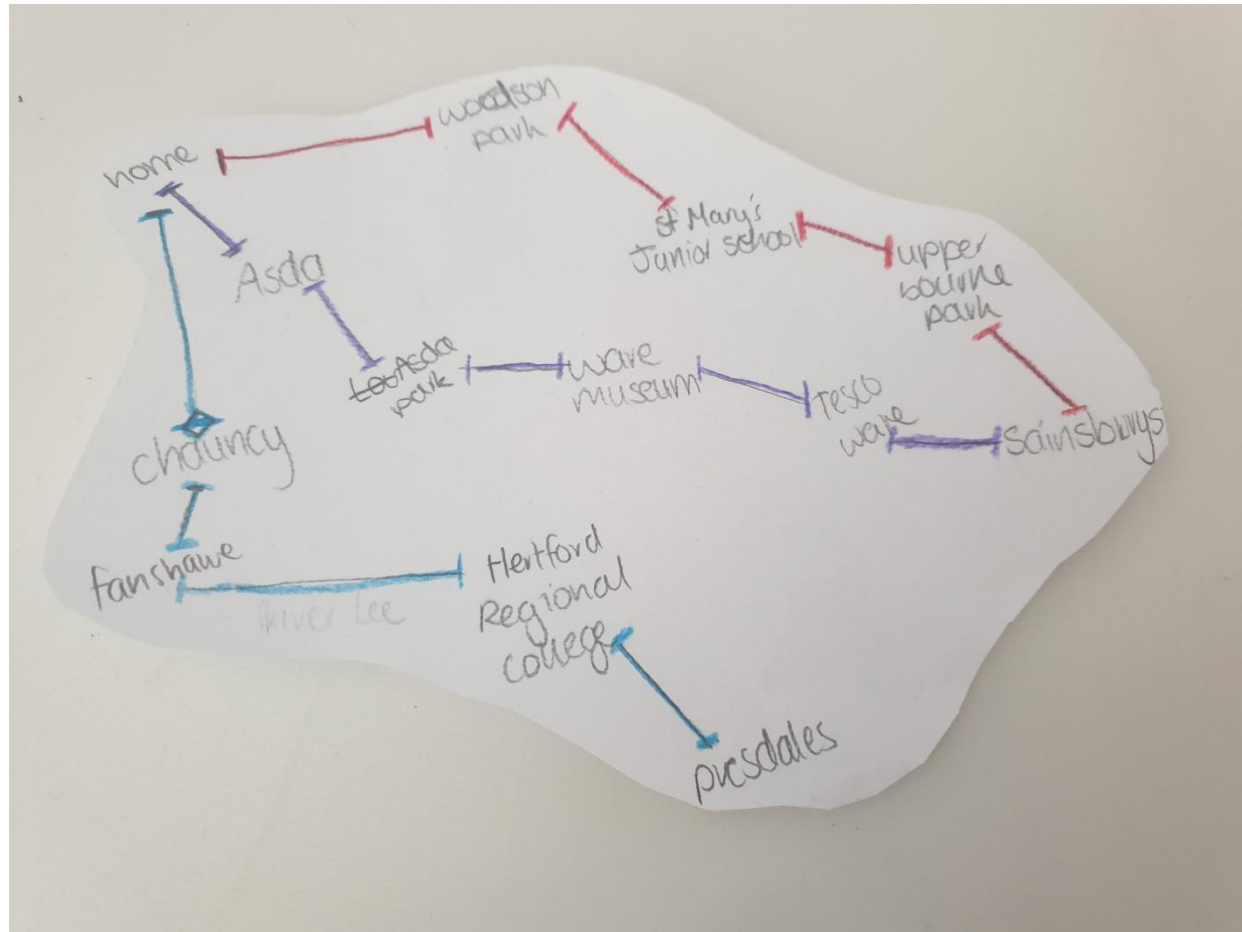

8:

I used toilet roll to make a makeup brush holder which I made ombre. My sister also was creative with the toilet roll and painted hers with me.

11:

I did a harry beck styled map (underground train map) of different locations in Ware.

14:

**For the last day I
drew two
electronics
found in my
household and
used a biro to
draw them.**
