Top tips for success

Once you've learnt the alphabet, keep practising it. Also learn **vocabulary** very regularly. 'Little and often' is what works: perhaps 5 words twice a week. These 7 ways of memorising words help many learners:

- Make flashcards
- Invent rhymes and raps
- Teach the words to someone else
- Stick up 'word' post-its where you will see them everyday
- Dream up sentences or funny stories building in the words
- Think about each word: what does it remind you of?
- Quizlet: Presdales y7 Russian has readymade sets of words

Use this checklist to ensure that your Russian shows progress through the year:

- Have you identified letters carefully and used capital letters where required?
- Is your pronunciation / spelling good?
- Have you expressed opinions?
- Have you extended some sentences with connectives?
- Have you checked the grammar of your sentences?

Удачи!
