

# Hegarty Heros

Students in Maths are now using a new online learning platform called [Hegarty Maths](#). It provides an excellent provision for students; there are video tutorials, quizzes with instant feedback, opportunities to practice topics they have answered poorly in the past and a revision tool to support with retention and retrieval of previously learnt content. It also allows teachers to monitor how students are doing at every stage and provide forensic support and guidance as it is needed.

Teachers have been using Hegarty Maths to complement their lessons and support students with their learning.

Students can independently use the platform and do not have to be set work by the teacher.

Every half term, we will select one student from each year group, recognising both excellent achievement and fantastic effort.

<b>Effort</b> (most learning hours spent on Hegarty this half term)		
Y7	Kate Gill	7
Y8	Orla O'Donoghue	21.1
Y9	Hattie Pryke	9.2
Y10	Daisy Reid	3.9
Y11	Yahvi Yadav	12.6

<b>Achievement</b> (most correctly answered questions this half term)		
Y7	Kiri Lobb	351
Y8	Kotryna Vilimas	757
Y9	Beth Unwin	639
Y10	Milly Webb-Ingall	176
Y 11	Natalia Harkos	502

Each student nominated above will receive a certificate which they can keep as part of their record of achievement at Presdales.
