GCSE Options 2023

Things to think about this year!!

- What career do I want to do? What qualifications do I need? Are there particular subjects I need to study? Use Unifrog.
- Am I just taking a subject because my career needs it but I don't like the subject?
- Some of my GCSE courses have already started this year e.g. science. Am I working hard enough?
- Doing well at GCSEs will mean I can do what I will have more options in the future post 16
- Am I choosing something that my friends are doing and/or my parents want me to do?

GCSE Options 2023

A two stage process: Option Indications and Final Option Selection from Option Blocks

Option Indications are used to structure Option Blocks in order to allow as many students as possible to study their preferred option subjects. Choose your free options in order of preference.

Students may make different Final Option Choices from the Option Blocks than previously indicated

One or more of the Option Subjects may not be available in the Option Blocks if insufficient demand exists for the subject or class size exceeds capacity of subject.

Complete electronic option google form by Friday 3rd February, 2023
