Senior leadership team

- Accountable for the safe and secure conduct of controlled assessments. Ensure assessments comply with JCQ guidelines and awarding bodies' subject-specific instructions
- At the start of the academic year, begin coordination with heads of department/subject to schedule controlled assessments. Controlled assessments should be spread throughout the academic years of Key Stage 4 and 5 depending on the examination board and subject.
- Map overall resource management requirements for the year. As part of this resolve:
 - clashes/problems over the timing or operation of controlled assessments
 - issues arising from the need for particular facilities (rooms, IT networks, time out of school etc.)
- Ensure that all staff involved have a calendar of events
- Create, publish and update an internal appeals policy for controlled assessments

Heads of department/faculty

- Decide on the awarding body and specification for a particular GCSE or A Level
- Ensure that at least 40% of overall assessment (controlled and/or external assessment) is taken in the exam series in which the qualification is certified, to satisfy the terminal assessment requirement in accordance with the awarding body specification
- Standardise internally the marking of all teachers involved in assessing an internally assessed component
- Ensure that individual teachers understand their responsibilities with regard to controlled assessment
- Ensure that individual teachers understand the requirements of the awarding body's specification and are familiar with the relevant teachers' notes, and any other subject specific instructions
- Where appropriate, develop new assessment tasks or contextualise sample awarding body assessment tasks to meet local circumstances, in line with awarding body specifications and control requirements
- Check accuracy of entry information for all students when asked to do so by exams officer. Communicate any discrepancies so that amendments can be made in time to meet entry deadline.

Teaching staff

- Understand and comply with the general guidelines contained in the JCQ publication *Instructions for conducting controlled assessments*
- Understand and comply with the awarding body specification for conducting controlled assessments, including any subject-specific instructions, teachers' notes or additional information on the awarding body's website

- Supply to the exams office details of all unit codes for controlled assessments
- Obtain confidential materials/tasks set by awarding bodies in sufficient time to prepare for the assessment(s) and ensure that such materials are stored securely at all times
- Supervise assessments (at the specified level of control). Undertake the tasks required under the regulations, only permitting assistance to students as the specification allows
- Ensure that students and supervising teachers sign authentication forms on completion of an assessment
- Mark internally assessed components using the mark scheme provided by the awarding body. Submit marks through the exams office to the awarding body when required, keeping a record of the marks awarded.
- Retain candidates' work securely between assessment sessions (if more than one)
- Post-completion, retain candidates' work securely until the closing date for enquiries about results. In the event that an enquiry is submitted, retain candidates' work securely until the outcome of the enquiry and any subsequent appeal has been conveyed to the centre
- Ask the appropriate special educational needs coordinator (SENCO) for any assistance required for the administration and management of access arrangements

Exams office staff

- Ensure students have been entered for the correct qualification, indicating any individual units or option variations where applicable.
- Meet entry deadlines for relevant exam season.
- Where confidential materials are directly received by the exams office, to be responsible for receipt, safe storage and safe transmission, whether in CD, digital, or hard copy format
- On the few occasions where controlled assessment cannot be conducted in the classroom arrange suitable accommodation where controlled assessment can be carried out, at the direction of the senior leadership team

SENCO

- Ensure access arrangements have been applied for
- Work with teaching staff to ensure requirements for support staff are met
