

### Why should students receive homework?

- Research evidence shows that students make better progress by completing homework
- Students develop the correct habits for study
- Teachers can set a wider range of tasks through setting homework and, therefore, have a greater range of evidence of the students' progress and achievement
- Teachers can devote more lesson time to collaborative study, practical work and discussion, if independent work can be completed outside the classroom
- Students can prepare for future learning in the classroom
- Students can be encouraged to enrich their classroom learning
- Students and parents can share the learning experience in greater partnership

### Types of homework tasks

The list below is not an exhaustive list of tasks that could be set for homework, but rather an indication of the type of tasks that are appropriate. There is an expectation that students would receive a variety of tasks over time.

- Preparation for future learning (such as reading ahead and summarising or planning tasks for future tasks)
- Wider reading tasks for enrichment or consolidation
- Structured short-answer questions to consolidate learning in lessons
- Choice of tasks with varying levels of challenge
- Vocabulary or key-facts learning
- Extended project work either completed as individuals or collaboratively
- Guided research with appropriate support at the start of the work, such as key
- websites or printed references
- Timed essays or extended pieces of writing
- Creative responses to the learning such as pamphlets
- Online homework tasks
- Revision
- Write-up of experiments or practical work
- Rehearsal

Current research suggests that the most effective homework tends to be **preparation for future learning and completion of specific tasks with clear criteria for success.** Research also suggests that it is effective to give students some autonomy with the task, such as giving them choices or license to be creative. Project work tends to be least effective.

#### **Role of Teachers**

The teaching staff will:

- Plan home learning to ensure that it is an integral part of their curriculum planning.
- Set appropriate teaks based on practice-based activities and preparation for future learning.
- Set home learning in accordance with section 6 and on the correct day from the homework timetable
- Give clearly defined instructions and information needed for the home learning to be completed.
- Value students' completed work by reviewing it in accordance with the assessment policy
- Sanction students who do not submit their home learning the specified day in accordance with the behaviour policy. C1 will be given after a missed HW or one that is lacking in quality. If there are 3 x C1s given for HW in a half term then a phone call home will be made by the subject teacher.
- Ensure that students have the appropriate resources to complete their home learning
- Reward students where appropriate for effort, attainment and consistent meeting of deadlines in accordance with the behaviour policy. An R1 will be given for exceptional effort shown in classwork/homework

#### **Role of Parents and Carers**

Parents and Carers are expected to:

- Provide a reasonably peaceful, suitable place in which students can do their home learning alone or with an adult
- Make it clear to students that they value home learning and support the school in explaining how it can help their learning
- Encourage students and praise them when they have completed home learning
- Check that students have completed their home learning by looking at Edulink

### The Role of students

Students are expected to:

- Actively monitor the homework that has been set for them on Edulink and record when they have submitted it to the teacher
- Ask for help if it is not clear to them what they have to do
- Approach their home learning with effort, diligence and pride
- Submit their home learning on time and in good presentation order

### Year 7 timetable

Form	Monday	Tuesday	Wednesday	Thursday	Friday	Weekly study	Weekly reading	Weekly extra curriculum				
7AS	other lang	English other lang	Maths Science	French Geog.	French History		1 hour per week.  You should have a reading book suitable for your reading age					
7AW	other lang Science*	other lang French	French History	Maths Science*	English Geog.	30mins per

### Year 10 timetable

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	Weekly study	Weekly reading
Maths	Science Block C	Block A Block B	Science Block D	English Science	60mins per subject	1 hour per week

Block A – Business, French, Geography, History, PE, Sociology, Spanish, Textiles

Block B – Art, Drama, Food, Geography, Graphics, History, PE, Sociology

Block C – Business, French, German, Italian, Russian, Spanish

Block D – Art, Computing, Food, Geography, History, Italian, Music, PRE, Textiles

### Year 11 timetable

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	Weekly study	Weekly reading
Science	Maths Block A	Science Block D	English Block B	Science Block C	60mins per subject	1 hour per week

Block A - Computing, Drama, Geography, Graphics, History, Italian, PE, Sociology, Spanish, Textiles

Block B – Business, Food, French, Geography, Graphics, History, H&S Care, PE, PRE, Sociology

Block C – Art, Business, Food, Geography, History, Music

Block D – Art, Business, French, German, Italian, Russian, Spanish

### Year 12 and 13 timetable

Exam boards expect that as much private time study should be devoted to A Levels as is spent in the classroom. Students will complete between four and five hours homework per week per subject taken.
