PE, HEALTH AND WELLBEING APPRENTICESHIPS

Ofsted 'Outstanding' rated apprenticeship training programmes that focus on meeting the current needs of pupils and schools.

Combine your passion for sports with a career in education.

Become a role model for young people to learn to lead healthy, active lifestyles

Our apprenticeship training programme will equip you with the knowledge and employability skills that will enable you to fulfill your role working as an apprentice within a school or community setting, whether this is your first step onto the career ladder or using the training as an ongoing CPD to upskill or enhance existing skills.

Course Content: PE, Health and wellbeing apprenticeship training programmes

Level 2: Community Activator (working either within a school or community setting)

- Deliver project based tasks to support whole school health and wellbeing agenda
- Work with the wider community to enhance the physical activity offering to pupils.
- Encourage young people to develop a lifelong healthy attitude to physical exercise and activity

Level 3: Teaching Assistant | PE Focus

- Suitable for aspiring PE Teachers looking to combine elements of supporting in the classroom
- You'll support the class teacher in delivering Physical Education
- Develop knowledge, skills and behaviours relevant to the PE Teaching Assistant role
- Gain new ideas and strategies for use in the PE setting to address the health and wellbeing agenda

Level 4: Sports Coach (working either within a school or community setting)

- A progression pathway for sports coaches who have built extensive experience supporting the delivery of school sports and PE Sessions and are looking to take their coaching abilities to the next level.
- You'll develop knowledge, skills, and behaviours relevant to the PE curriculum and broaden your understanding of how to deliver high quality engaging sessions
- Gain knowledge and skills to drive the development of the whole school PE and school sport strategy

PE, HEALTH AND WELLBEING APPRENTICESHIPS

How will you be assessed?

- Submission of a portfolio of evidence that is collated with written assignments, case studies, and presentations
- Practical 'in person' observations
- Demonstration of competence during an End Point Assessment (EPA).

Helping you to get the most out of your apprenticeship

We support you every step of the way, from the initial application process through to recruitment and successful appointment within a school. Every apprentice is different. Your journey will begin at enrolment and a support structure will be essential. This will involve internal performance management, mentoring, and internal training.

Training and continued support

- Training will be delivered in a virtual/blended style on a regular basis through twice monthly tutor-led training sessions (one virtual and one school site session), providing you with the additional support, skills and knowledge that you can apply within your work setting.
- You will be provided with a structured training programme that will equate to at least six hours a week (based on a 30-hour week).

Mentorship

Support and nurturing is the cornerstone of every apprenticeship. Your school will appoint an apprentice mentor, someone from within the school who can provide on-site support and depending on your experience and level of apprenticeship, assess, review, and support the responsibilities that you will be undertaking.

What are the entry requirements for PE, Health and Wellbeing apprenticeships?

- Have a passion for PE and sports and looking to become a role model for leading an active lifestyle
- Excellent interpersonal, communication, and teamwork skills.
- Enjoy working with young children
