Arrangements for the centre to be open on results days are made by the Examinations Officer / Site Management Team.

The provision of the necessary staff on results days is the responsibility of the Headteacher.

### **Enquiries about Results (EAR) & Access to Scripts (ATS)**

Reviews of marking may be requested by centre staff or the candidate following the release of results. A request for a review or clerical check requires the written consent of the candidate, a request for a re-moderation of internally assessed work may be submitted without the consent of the group of candidates.

The cost of EARs will be paid by the candidate although occasionally the department may decide to challenge a result and pay the fee for this.

After the release of results, candidates may ask subject staff to request the return of written examination papers within days of the receipt of results.

Centre staff may also request scripts for investigation or for teaching purposes. For the latter, the consent of candidates must be obtained and retained.

An EAR cannot be applied for once an original script has been returned. The cost of EARs will be paid by the centre or candidate.

Processing of requests for EARs and ATS will be the responsibility of the Examinations Officer

All processing of EARs will be the responsibility of the Examinations Officer following the JCQ guidance

### **13. Certificates**

Candidates will receive their certificates

- in person at the centre on Speech Day (date available on the school calendar)

- Certificates can be collected on behalf of a candidate by third parties, provided they have written authority from the candidate to do so, and bring suitable identification with them that confirms who they are.

Centre's are only required to keep certificates for one year after which remaining certificates should be either returned to the exam board or destroyed securely. Records of destroyed certificates should be held for four years from date of destruction.

## **13. Appendix 1: Contingency Plan**

In the event of widespread disruption to the examination system

### **Background**

#### **Who the plan is for**

The plan is designed all members of staff responsible for administering public examinations.

#### **The purpose of the plan**

The purpose of the plan is to ensure there is a consistent and effective response in the event of major disruption to the examination system.

All awarding organisations are required to have their own well-established contingency plans in place to respond to such disruptions, which have been used on numerous occasions.

This joint contingency plan is based on the Ofqual “Joint contingency plan in the event of widespread disruption to the examination system in England, Wales and Northern Ireland” (Feb 2015).

#### **The outcomes of the plan**

The overall outcome of the plan is to ensure that the interests of candidates are safeguarded while maintaining the integrity of the examination system and qualification standards.

There are three specific outcomes the plan seeks to achieve:

- delivering assessments to published timetables
- delivering results to published timetables
- complying with regulatory requirements in relation to assessment, marking and standards

#### **Qualifications covered by the plan**

The qualifications covered by the plan are primarily large entry, externally assessed examinations delivered at Presdales. These include GCSEs, BTECs, AS levels, A levels, and university admission tests

#### **When the plan would be triggered**

The plan would be triggered in the event of a major disruption to the examination system affecting significant numbers of candidates across several awarding organisations.

This could include severe weather, widespread illness, travel disruption, fires, logistical problems or system failures.

Any actions taken will be subject to the advice of the official agencies dealing with the specific circumstances being faced, for example the police, Environment Agency or Health Protection Agency.

#### **If planned contingency actions are not sufficient**

If the contingencies set out in this plan are not proving sufficient to tackle the issue, Ofqual will convene an identified crisis management team consisting of representatives of all organisations involved, to agree the additional actions required.

#### **Reviewing the plan**

The plan is reviewed and updated on an annual. A revised version is then published on [Ofqual's website](#).

## Communications

In the event of a major disruption, communication is an important factor in ensuring an effective and consistent response across the agencies involved. This includes communications between the school, the examination bodies, candidates, and their parents or guardians. Details of whether specific contingencies have been agreed across organisations will be confirmed on [Ofqual's website](#) and proactively communicated to relevant stakeholders.

Presdales is committed to:

- sharing timely and accurate information as required to meet the aims of the plan
- communicating with stakeholders so they are aware of disruption to the exams, the contingency measures being implemented and any actions required of them, ensuring that any messages to the public are clear and accurate

## Scenarios

Eight specific scenarios are set out in this plan relating to widespread disruption of the examination system where Presdales would need to invoke contingency plans. The scenarios are set in sequence, following the way in which an examination would be planned and delivered, from issuing scripts to offering post results services.

### Scenario 1 – Disruption of teaching time – Centre is closed for an extended period.

Type of scenario	Disruption to candidates
Impact on	Teachers, candidates, parents and carers
When to implement the plan	In the event that a significant number of centres are closed, and candidates are unable to attend for an extended period during normal teaching or study supported time, interrupting the provision of normal teaching and learning
Example of scenario	Severe flooding
Recommended actions	Where there is disruption to teaching time and students miss teaching and learning, it remains the responsibility of centres to prepare students for examinations as usual  It is recommended that centres: - have contingency plans in place to facilitate alternative methods of learning, alternative venues or both - prioritise candidates who will be facing examinations shortly - advise candidates, where appropriate, to sit examinations in the next available series
Specific communication	The centre to communicate with parents, carers and students about the potential for disruption to teaching time and plans to address this
Success criteria	Students continue to be taught either through an alternative method of learning or at an alternative venue
Further advice and information	Guidance on emergency planning, with <a href="#">advice on severe weather</a> , is available from the Department for Education. There is also <a href="#">statutory guidance on school closures</a>  Further advice from the Department of Education Northern Ireland can be found in the Useful Information section of this document

### Scenario 2 – Candidates unable to take examinations because of a crisis – Centre remains open

Type of scenario	Disruption to candidates
Impact on	School and college staff, teachers, candidates, parents and carers

When to implement the plan	In the event that candidates are unable to attend examination centres to take examinations as normal.
Example of scenario	A sickness bug means that a number of candidates are not able to attend a centre to take an examination.
Actions	<p>Centre:</p> <ul style="list-style-type: none"> <li>- liaise with candidates to identify whether the examination can be sat at an alternative venue in agreement with the relevant awarding organisations</li> <li>- offer candidates an opportunity to sit any examinations missed at the next available series</li> <li>- apply to awarding organisations for special consideration for candidates where they have met the minimum requirements</li> </ul> <p>Please note: candidates are only eligible for special consideration if they have been fully prepared and have covered the whole course but are affected by adverse circumstances beyond their control. If a candidate chooses not to sit an examination for other reasons they should be aware that special consideration rules will not apply</p>
Specific communication	The centre to communicate with relevant awarding organisations at the outset to make them aware of the issue. The centre to communicate with parents, carers and candidates regarding solutions to the issue.
Success criteria	Candidates are able to sit examinations with minimum disruption or additional stress to them.
Further advice and information	JCQ's guidance on special consideration and alternative site arrangements can be accessed through the <a href="#">JCQ website</a> .

### Scenario 3 – Disruption in the distribution of examination papers

Type of scenario	Transport or delivery
Impact on	Awarding organisation staff, teachers, candidates
When to implement the plan	In the event that there is a disruption to the distribution of examination papers to centres in advance of examinations.
Example of scenario	A courier delivers a wrong set of examination papers to a centre.
Actions	<p>It is recommended that awarding organisations:</p> <ul style="list-style-type: none"> <li>- source alternative couriers for delivery of hard copies</li> <li>- provide centres with electronic access to examination papers via a secure external network</li> </ul> <p>Please note that the examinations officer would need to ensure that copies are received, made and stored under secure conditions</p>
Specific communication	The centre to communicate with awarding organisations to organise alternative delivery of papers.
Success criteria	Students are able to proceed with taking examinations without having to reschedule examinations.
Further advice and information	not applicable

### Scenario 4 – Disruption to the transportation of completed examination scripts

Type of scenario	Transport or delivery
Impact on	Courier staff, centre staff, awarding organisation staff
When to implement the plan	In the event that there is a delay in normal collection arrangements for completed examination scripts

Example of scenario	A courier contacts a centre to report a problem about picking up scripts on time
Recommended actions	It is recommended that centres: - in the first instance, seek advice from awarding organisations and their normal collection agency regarding collection - do not make their own arrangements for transportation without approval from awarding organisations - ensure secure storage of completed examination scripts until collection
Specific communication	The centre to communicate with relevant awarding organisations at the outset to resolve the issue.
Success criteria	Scripts are stored 'securely' in line with JCQ guidance. Scripts are collected and delivered to awarding organisations with the minimum of delay
Further advice and information	JCQ guidance regarding the 'secure storage of scripts' can be found in section 1 of the 2022-2023 ICE book. <a href="https://www.jcq.org.uk/exams-office/ice--instructions-for-conducting-examinations/">https://www.jcq.org.uk/exams-office/ice--instructions-for-conducting-examinations/</a> <a href="#">Guidance on the 'Life of a script'</a> is also available on the JCQ website

### Scenario 5 – Centres are unable to open as normal during the examination period

Type of scenario	Disruption to centre
Specific communication	A centre which is unable to open as normal for examinations must inform each awarding organisation with which examinations are due to be taken as soon as is possible
Success criteria	Students are able to take examinations in alternative venues in a timely way
Further advice and information	Centres should cover the impact on examinations as part of their general planning for emergencies The responsibility for deciding whether it is safe for a centre to open lies with the head of centre. The head is responsible for taking advice, or following instructions, from relevant local or national agencies in deciding whether they are able to open. <a href="#">DfE guidance on school closures</a> is available on the GOV.UK website
Recommended actions	It is recommended that centres: - open for examinations and examination candidates only, if possible - use alternative venues in agreement with relevant awarding organisations (e.g. share facilities with other centres or use other public buildings if possible) Presdales would use the sports hall in the event the hall and gym could not be used, as this is a separate building where access can be achieved without using any other building. Other options available to the school, are Pinewood School (close to Presdales), or the Rugby Club hall (5 minutes from the school). A further option is the drill hall in Ware, which can be hired out. - apply to awarding organisations for special consideration for candidates where they have met the minimum requirements (see Scenario 3) - offer candidates an opportunity to sit any examinations missed at the next available series, if possible - if it is not possible to retrieve exam furniture or IT from the school premises, these would either be hired or borrowed as required.
Specific communication	A centre which is unable to open as normal for examinations must inform each awarding organisation with which examinations are due to be taken as soon as is possible
Success criteria	Students are able to take examinations in alternative venues in a timely way

Further advice and information	Centres should cover the impact on examinations as part of their general planning for emergencies The responsibility for deciding whether it is safe for a centre to open lies with the head of centre. The head is responsible for taking advice, or following instructions, from relevant local or national agencies in deciding whether they are able to open. <a href="#">DfE guidance on school closures</a> is available on the GOV.UK website
--------------------------------	--

#### Scenario 6 – Assessment evidence is not available to be marked

Type of scenario	Marking
Impact on	Candidates, teachers, school and college staff, parents, carers and awarding organisation staff
When to implement the plan	In the event of large scale damage to, or destruction of, completed examination scripts or assessment evidence before it can be marked
Example of scenario	A fire at the centre destroys completed examination scripts
Recommended actions	It is recommended that: - awarding organisations generate candidate marks for affected assessments based on other appropriate evidence of candidate achievement, as defined by the awarding organisations in consultation with the regulators - candidates retake the assessment that has been affected at a subsequent assessment window, if possible
Specific communication	It is the responsibility of the head of centre to communicate this immediately to the relevant awarding organisation(s) and subsequently to students and their parents or carers
Success criteria	Candidate marks are able to be generated (if possible) from existing assessment materials
Further advice and information	To be sought from the relevant awarding organisation

#### Scenario 7 – Centres are unable to distribute results as normal

Type of scenario	Issuing results
Impact on	Awarding organisation staff, school and college staff, candidates, parents and carers
When to implement the plan	In the event that schools or colleges are unable to access or manage the distribution of results to candidates
Example of scenario	A school or college is closed and therefore candidates are not able to visit to find out their results
Recommended actions	It is recommended that schools and colleges: - make arrangements to access results at an alternative site - share facilities with other schools and colleges if possible
Specific communication	Centres to contact awarding organisations about alternative options
Success criteria	Candidates receive results in a timely way
Further advice and information	not applicable

#### Scenario 8 – School IT Network cannot be accessed.

Type of scenario	School is subject to a Cyber-attack
Impact on	Whole school

When to implement the plan	In the event that the school loses access to its IT Network
Example of scenario	School network is not available before/during the exam series and when results are issued.
Recommended actions	- awarding organisations are notified of Cyber-attack
Specific communication	IT Manager to liaise closely with Exams Officer to ensure the smooth running of all exams related administration
Success criteria	<p><b>Before exams:</b></p> <p>-Exam entries can be made/amended directly via Awarding Body websites if SIMS is not available for EDI. Laptops can use mobile phone hot spots to access the internet. If SIMS sever is not corrupted, it will be possible to plug a laptop directly into it to gain SIMS access.</p> <p><b>During Exams</b></p> <p>-Secure download of papers can take place as above and a non-networked printer can be used for the printing of exams onto coloured paper.</p> <p>-Exam laptops have been tested and an Exam friendly version of Word can still be accessed without a network connection.</p> <p>-Computer reader software will be replaced with Human readers or Reading Pens.</p> <p><b>Exam Results:</b></p> <p>-If SIMS server has not been corrupted, results will be brought in as normal via EDI</p> <p>-If there is no access to SIMS, results will be downloaded directly from the Awarding Body websites.</p> <p>-Candidates result slips can be printed using non-networked printer.</p>
